

Company Profile

We provide the best solutions for you...

Tentang Kami

Kami merupakan perusahaan yang bergerak dalam jasa rekayasa *engineering* dan penyediaan material industri terkemuka di Indonesia. Tim kami telah memiliki pengalaman dalam berbagai proyek nasional dan swasta.

Komitmen memberikan solusi layanan terbaik untuk kebutuhan industrial dalam skala kecil, medium hingga besar, merupakan spirit yang kami jaga dalam menjalankan bisnis kami.

Kepercayaan dan kepuasan menjadi tolok ukur atas keberhasilan kami dalam melaksanakan setiap proyek dan kerjasama dengan para pelanggan.

Visi

Menjadi perusahaan terdepan yang memberikan solusi terbaik dalam bidang *Engineering Services, Material Supply, Construction & Installation, Testing & Commissioning, Operation & Maintenance, Plant Assessment and Turn Around*.

Misi

- Menyediakan jasa *engineering* yang berkualitas dengan didukung *engineer* berpengalaman.
- Menyediakan *supply material* yang terjamin dan *certified* untuk keamanan *plant*.
- Menjalankan proses *installation* dengan *standart* dan spesifikasi yang dikerjakan tim kompeten.
- Menjalankan proses *testing* dan *commissioning* dengan peralatan terkalibrasi serta tim yang berpengalaman.

Bidang Bisnis

Kami memiliki bidang bisnis beragam yang dapat memenuhi kebutuhan industri anda baik skala kecil hingga besar dengan didukung oleh tim yang berpengalaman baik di project nasional maupun swasta.

Product Material Supply

Kami menyediakan berbagai produk material industri dari merek-merek terkemuka dunia, untuk mendukung project anda kami siap memberikan penawaran terbaik.

Product Engineering

PROCESS & PROCESS SAFETY

- Process Design Basis, Proses Flow Diagram dan P&ID
- Hydrolic Calculation, Pressure Vessel Sizing, Line Sizing dan Calculation Sizing
- Fire Hydrant Calculation dan FM200 Calculation
- Process Data Sheet Pressure Vessel, Pump, Compressor dan Heat Exchanger
- Line List, Chemical list dan Alarm Set Point list
- Cause & Effect Safety Instrument System (SIS) dan Fire Gas System (FGS)
- Requisition, Technical Bid Evaluation, Vendor Print Check
- Owner Estimation

MECHANICAL

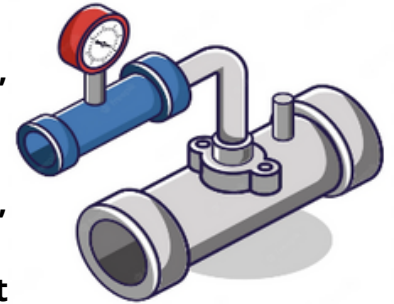

- Process Design Basis, Proses Flow Diagram dan P&ID
- Hydrolic Calculation, Pressure Vessel Sizing, Line Sizing dan Calculation Sizing
- Fire Hydrant Calculation dan FM200 Calculation
- Process Data Sheet Pressure Vessel, Pump, Compressor dan Heat Exchanger
- Line List, Chemical list dan Alarm Set Point list
- Cause & Effect Safety Instrument System (SIS) dan Fire Gas System (FGS)
- Requisition, Technical Bid Evaluation, Vendor Print Check
- Owner Estimation

Product Engineering

PIPING

- Specification Piping Material Class, Flexibility Analysis
- List Critical Line, Manual Valve, Piping Special Item
- Calculation Piping Thickness,
- Datasheet Steam Trap, Manual Valve, Expansion Joint
- Technical Specification Steam Trap, Manual Valve, Expansion Joint
- Piping Drawing Plot Plant, Isometric Drawing
- Standard Piping Arrangement, Support Drawing, Hookup Drawing
- Requisition, Technical Bid Evaluation, Vendor Print Check
- Owner Estimation

ELECTRICAL

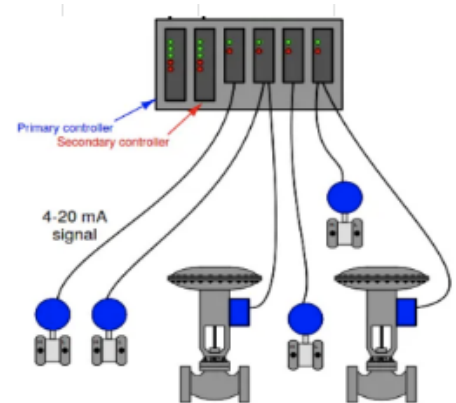

- SLD Over All, HV System, MV System, LV System, AC UPS, DC Charger
- Calculation Load List, Load Flow, Short Circuit, Motor Starting, Protection Relay
- Datasheet Generator, Transformer, MV Switchgear, LV Switchgear, UPS, DC Charger
- Interlock Block Diagram
- Standard Installation Power, Cable Tray, Lighting dan Grounding
- Cable Gland Schedule, Connection List, Cable Drum Schedule
- Equipment Electrical Layout, Base Frame Layout
- Power Wiring Tray Layout, Electrical Cable Pit Layout
- Lighting & Receptacle Layout, Connection Layout, Panel Schedule
- Fire Alarm Layout, Fire Alarm Connection Layout
- Grounding Wiring Layout and Lightning Protection Layout
- Requisition, Technical Bid Evaluation, Vendor Print Check
- Owner Estimation

Product Engineering

INSTRUMENT

- Control System Architecture Diagram
- General Specification Instrument, DCS, Analyzer System
- Datasheet Process Analyzer
- Instrument Hookup Drawing
- Standard Installation field Instrument
- Instrument Cable Schedule and Connection
- Requisition, Technical Bid Evaluation, Vendor Print Check
- Owner Estimation

CIVIL

- Design Specification Civil and Structure
- Construction Specification Earthworks, Pilling Work, Concrete Work
- Standard Drawing Detail Stairway, Ladder, Handrail
- Calculation Foundation Turbine Generator, Transformer, Static Equipment, Rotating Equipment
- Plant Foundation Layout, Detail dan Schedule Electrical Building, Control Building, Warehouse, Workshop
- Requisition, Technical Bid Evaluation, Vendor Print Check
- Owner Estimation

Product Installation

ELECTRICAL

- Installation EDG dan Control Panel
- Installation MV Switchgear
- Installation LV Switchgear
- Installation Transformer dan NGR
- Installation UPS/ DC Charger dan Battery
- PDB dan Panel Lighting
- Cathodic Protection
- Heat tracing system
- Installation IPB Busduct
- Installation LV Busduct
- Pulling Cable
- Installation Cable Tray
- Installation Lighting
- Fire Alarm dan HSSD System
- Installation Grounding & Lightning
- Glanding/ Termination dan Splicing
- Gland Box & Multi Cable Transit (MCT)

Product Testing & Commissioning

ELECTRICAL

CABLE

- Isolation Megger
- Hipot DC
- Fault Locator
- Cable Route Test

TRANSFORMER

- Purification Oil
- Isolation Megger
- TTR dan Vector Group
- Winding Resistance
- BDV
- DGA
- Tan Delta
- SFRA
- Polarization Index
- Thermovision Camera

SWITCHGEAR

- Isolation Megger
- Hipot AC
- CT Analyzer
- VT Analyzer
- Contact Resistance (Micro Ohm)
- CB Analyzer
- Protection relay testing
- Primary Injection
- Power Quality Meter
- Phase Rotation
- Polatization Index
- Thermovision Camera

Product **Testing & Commissioning**

ELECTRICAL

UPS BATTERY

- Discharge Battery
- Ohmic Battery
- Voltage Battery

BUSDUCT

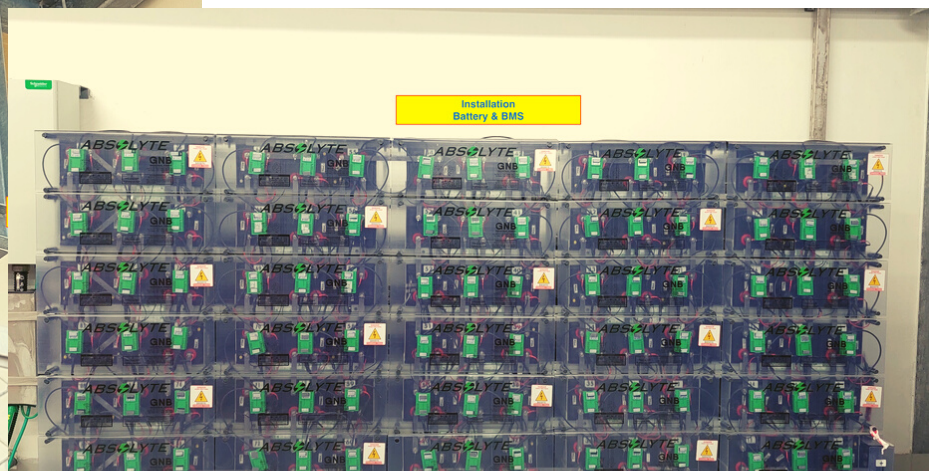

- Isolation Megger
- Contact Resistance (Micro Ohm)
- Hipot DC

GROUNDING

- Grounding Resistance

MOTOR

- Vibration meter
- Noise level

Product

Maintenance & Turn Around

MV SWITCHGEAR

- General visual check, cleaning dan tightening
- Mechanical greasing dan electrical greasing
- Inspection CT dan VT, CB and Fuse
- Inspection Cable Connection dan re-torsi/tightening,
- Inspection Busbar dan re-torsi/ tightening,
- Function Test Close/ Open/Trip/Intertrip
- CB/ VT/ CT Analyzer
- Protection relay testing
- Isolation megger dan hipot
- Contact resistance
- Grounding Check dan verification
- Ultra sound test

TRANSFORMER

- General Cleaning, visual check, cleaning dan tightening
- Penggantian Silica Gel
- Melakukan function test pada Rele Buchholz, PRPD, dan tripping device lainnya
- Pengetesan Tan Delta
- Insulation Resistance
- Polarity Index (PI) test.
- Winding Resistance test.
- TTR dan Vector Group test
- SFRA / Stary Losses / Impedance / Excitation.
- BDV Oil Test
- DGA Test
- OLTC Performance Test
- Grounding Check dan verification
- PD Test (Live/ Energize Condition)
- Hot Spot Test (Live/ Energize Condition)

Product **Maintenance & Turn Around**

BUSDUCT/IPB

- General Cleaning, visual check, cleaning body busduct
- Pengecatan anti karat pada support- support busduct
- Tightening torsi
- Insulation Megger Test
- Hipot Test
- Tan Delta Test
- Contact Resistance Test
- Grounding Check dan verification
- PD Test (Live/ Energize Condition)
- Hot Spot Test (Live/ Energize Condition)

UPS/BATTERY CHARGER & BATTERY

- General Cleaning, visual check, cleaning dan tightening
- Discharge Test Battery
- Switching Test UPS/ Battery Charger
- Battery Analyzer

PDB & LIGHTING PANEL

- General visual check, cleaning dan tightening
- Inspection Cable Connection dan re-torsi/tightening
- Inspection Busbar dan re-torsi/ tightening
- Grounding Check dan verification
